15      36. (Cancelled).

16      37. (Cancelled).

17      38. (New) I claim a game for at least one player comprising the steps of:

18           a) preparing at least one first deck of cards representing the possible outcomes from a dice  
19           means for determining a random number between a predetermined minimum and a predetermined  
20           maximum;

21           b) preparing at least one second deck of cards representing the possible outcomes from a dice  
22           means for determining a random number from a predetermined minimum and predetermined  
23           maximum;

1                   c) providing at least one first wager location and at least one second wager location for  
2 accepting a wager on at least one statistical event associated with the random generation of dice rolls  
3 according to a set of rules based on statistical odds of the occurrence of specific dice rolls;

4                   d) accepting at least one wager on the at least one first wager location;

5                   e) selecting at least one first card from the at least one first deck at random using an  
6 electromechanical playing card handling apparatus for randomly shuffling and dealing the at least  
7 one of said cards;

8                   f) displaying the at least one first card;

9                   g) satisfying wagers if the at least one first card matches the at least one statistical event[.];

10                  h) accepting at least one wager at least one second wager location;

11                  i) selecting at least one second card at random using an electromechanical playing card  
12 handling means for randomly shuffling and dealing the at least one second card from the at least one  
13 second deck;

14                  j) displaying the at least one second card;

15                  k) satisfying the at least one second wager if the at least one second card matches the at least  
16 one statistical event.

17                  39. (New) The game of claim 38 wherein the at least one first deck further comprises  
18 at least one third deck of cards representing the outcome from a dice means for determining a  
19 random number between a predetermined minimum and a predetermined maximum and wherein the  
20 step of selecting at least one first card at random further comprises selecting at least one first card  
21 at random using an electromechanical playing card handling apparatus for randomly shuffling and  
22 dealing the at least one first card and selecting at least one second first card from the at least one third  
23 deck of cards using an electromechanical playing card handling apparatus for randomly shuffling

1 and dealing; and wherein the step of displaying further comprises the step of displaying the at least  
2 one first card second card and wherein the step of satisfying wagers comprises the step of adding the  
3 at least one first card and at least one second first card together to determine if the at least one  
4 statistical event has occurred.

5 40. (New) The game of claim 39 wherein at least one statistical event is determined from  
6 the statistical events utilized in playing a game from the group comprised of 1) a traditional craps  
7 game, 2) a Four The Money game, 3) a high roller of the month game, 4) a high low craps, and 5)  
8 a roulette game.

9 41. (New) The game of claim 40 wherein the first set of cards and third deck of cards  
10 represent the possible outcomes with a first and second dice having 6 sides.

11 42. (New) The game of claim 38 further comprising at least one special card which  
12 represents an object other than a number between the predetermined minimum and predetermined  
13 maximum and wherein the display of the special card provides a bonus to the wager.

14 43. (New) The game of claim 42 wherein the bonus is from the group consisting of (1)  
15 allowing the player to pick any number from at least one number between the predetermined  
16 minimum and predetermined maximum for the value of the special card, (2) providing a multiple  
17 payout on wagers, (3) providing a special payout not related to a wager on the occurrence of the  
18 special card, (4) providing a special payout related to a wager on the occurrence of the special card,  
19 (5) triggering an event to select an additional play, and (6) triggering an event to randomly select an  
20 additional amount.

21 44. (New) The game of claim 42 wherein the special card also bears a number between  
22 the predetermined minimum and pre-determined maximum.

23 45. (New) The game of claim 38 wherein the step of selecting further comprises the step

1 of selecting at least one first first card and at least one second card and wherein the at least one first  
2 card and at least one second card each represent a dice roll and wherein the step of displaying further  
3 comprises a) preparing a table with a plurality of card locations comprising at least one first card  
4 location and at least one second card location for receiving the at least one first first card and the  
5 at least one second card;

6 b) dealing the at least one first card and the at least one second card to the at least one first  
7 card location and at least one second card location respectively;

8 c) allowing the at least one player to select a location from between the at least one first card  
9 location and at least one second card location;

10 d) displaying the card in location selected by the at least one player.

11 46. (New) The method of claim 39 wherein the step of selecting further comprises:

12 1) preparing a table with a plurality of card locations for receiving at least three cards from  
13 each deck comprising a first card location, a second card location and at least one third card location;

14 m) dealing at least one first first card at least one second first card and at least one third first  
15 card to the plurality of card locations;

16 n) allowing the at least one player to select two of the plurality of card locations and not  
17 select at least one of the plurality of card locations to select two play cards; and

18 o) adding the two play cards to determine the outcome.

19 47. (New) The game of claim 46 further comprising the step of removing and reshuffling  
20 the at least one first deck of cards and dealing at least one first second card and at least one second  
21 second card and at least one third second card from the at least one second deck of cards to the  
22 plurality of card location;

23 b) allowing the at least one player to select at least two of the plurality of card locations and

1 not select at least one of the plurality of card location so as to select at least two play cards;

2 c) adding the two play cards to determine a dice roll outcome.

3 48. (New) The method of claim 38 further comprising repeating steps b c through f k until

4 a predetermined target number is generated as the statistical event.

5 49. (New) The method of claim 40 wherein the at least one first deck comprises a first  
6 first deck and a second first deck and the at least one second deck comprises a first second deck and  
7 a second second deck and wherein the step of selecting comprises selecting a first card from the first  
8 first deck and a second card from the second first deck and selecting a first card from the first second  
9 deck and a second card from the second second deck and adding the first and second cards from the  
10 first and second decks to get an outcome from each deck.

11 50. (New) The method of claim 38 further comprising the steps of (1) marking the value  
12 of the at least one first card with an electronically readable value, (2) electronically examining the  
13 cards to locate the marking, and (3) electronically displaying the value.

14 51. (New) The method of claim 38 wherein the step of preparing further comprises  
15 marking cards with at least two colors; and wherein the step of accepting further comprises the step  
16 of accepting wagers on the occurrence of a particular number or a group of numbers or a color.

17 52. (New) The method of claim 38 wherein the handling means in step (i) further  
18 comprises at least one second handling means for selecting the at least one second card.
